Fifteen-year-old Mina Clark lives in a future Manhattan that is ruled by extremists. Girls aren't allowed to get an education, they need permission to speak to boys, and all marriages are negotiated by contract. But Mina's grandmother has secretly been teaching her to read, leading Mina down a path of rebellion, romance, and danger that not only threatens to destroy her family's reputation, it could get Mina killed.

Suspenseful and empowering, Time Zero is about what it's like to be powerless, underestimated, and manipulated and what it takes to go against society to assert who you actually want to be.
